

STEELMANS **ELECTRIC DRIVE**

Table Up Electromechanical Broaching Machine

www.steelmanns.co.uk

Small foot print: Approximately 50% less floor space than comparably sized hydraulically powered machines.

Better part finishes: Smooth cutting action yields better part finishes & tool life.

Less maintenance: No Hydraulic system to maintain.

Floor level loading: No pits or platforms required.

To view our full range of broaching machines or to contact us regarding a custom application please visit www.steelmanns.co.uk
